CAREER OBJECTIVE

Motivated and hardworking third-year B.Tech student specializing in Computer Science and Artificial Intelligence. Passionate about software development, algorithms, artificial intelligence, and problem solving. Seeking opportunities to contribute to real-world projects while strengthening technical and analytical skills.

EDUCATION

B.Tech in Computer Science and Artificial Intelligence, G.L. Bajaj Institute of Technology and Management, Greater Noida (2024–2028).

Class XII: Radha Krishna Academy, Ballia (2022).

Class X: Gyan Kunj Academy, Ballia (2020).

TECHNICAL SKILLS

Programming Languages: C, C++, Python, Java.

Core Subjects: Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks.

Tools: Git, GitHub, VS Code.

Web: HTML, CSS.

PROJECTS

Smart Electricity Theft Detection System: Designed a model to identify suspicious electricity usage patterns and generate reports. Built a responsive interface using HTML and CSS.

Personal Portfolio Website: Developed a portfolio website to showcase projects, technical skills, and achievements.

ACHIEVEMENTS

Solved multiple coding problems on online judges and LeetCode. Regularly practice DSA and participate in coding contests, workshops, and technical events.

RELEVANT COURSEWORK

Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Object-Oriented Programming, Artificial Intelligence.

STRENGTHS

Quick learner, teamwork, leadership, adaptability, communication skills, analytical thinking, and problem-solving ability.

AREAS OF INTEREST

Software Development, Artificial Intelligence, Machine Learning, Competitive Programming, Web Development.

LANGUAGES

Hindi (Native), English (Professional).

HOBBIES

Coding, learning emerging technologies, reading about AI, and contributing to technical communities.
